

CHANGE IN CABINET

William Howard Taft Took the Oath of Office as Secretary of War.

WITNESSED BY LARGE GATHERING.

Ex-Secretary Root Leaves Washington for New York Where He Will Resume Practice of Law.

Hanging in the New Secretary's Office is the Picture of His Father, Alphonso Taft, Who Once Held the Same Portfolio.

Washington, Feb. 2.—William Howard Taft took the oath of office at noon Monday and became secretary of war. The ceremony took place in the large reception room of the offices of the secretary of war in the war department and was witnessed by a large and distinguished gathering of officials and friends of the new secretary. The oath was administered by John B. Randolph, a notary public in the department and one of the oldest clerks in point of service in the department. Secretary Taft repeated the oath in a clear, strong voice.

Hanging in his office as the new secretary was inducted into the arduous duties of his post, was the picture of his distinguished father, Alphonso Taft, who was president Grant's secretary of war in 1876. Thus father and son have held the same portfolio, this being the second instance in the history of the war department, the first being presented in the incumbency of Simon Cameron under Lincoln and Jas. D. Cameron, his son, under Grant. There is a single other case of the kind in government history where Gideon Granger was postmaster general under Jefferson and Madison and Francis Granger, his son, under Harrison and Tyler.

The president walked from the white house to the residence of former Secretary Root in Jackson square shortly before train time Monday afternoon, personally to say good-bye to the retiring Secretary and Mrs. Root. As the president came up Executive avenue Troop F, of the 15th cavalry, was lined up in front of the secretary's house ready to escort him to the station. The president went at once to the secretary's study, where he was soon followed by Lieut. Gen. Chaffee, chief of staff, and his assistants, Maj. Gens. Gillespie and Bliss. Gov. Taft, the new secretary, came a few minutes later. After ten minutes conversation the party emerged from the house, the president walking with Mrs. Root, whom he assisted into the carriage. He then with firm grip of the hand bade the secretary a feeling farewell. After closing the carriage door himself the president turned and, bowing to the crowd which had gathered, walked rapidly back to the white house. The Secretary and Mrs. Root drove to the station, preceded by the troop of cavalry and followed by the new secretary of war, chief of staff and his assistants. Mr. and Mrs. Root left Washington on the Congressional limited for New York, where Mr. Root will resume the practice of law. The extraordinary military honors shown the retiring secretary were done at the direction of the president.

Secretary Taft presented to the president Monday former Representative Charles P. Taft, editor of the Cincinnati Times-Star, Mrs. Taft and daughter and Henry W. Taft, of New York, his brothers, who had come to Washington to witness his induction into the office of secretary of war.

WEST POINT CADETS.

MIXED SCHOOLS.

Committee Reports in Favor of Measure Prohibiting Them.

Frankfort, Feb. 2.—It is likely the death knell of Berea college as a mixed school for white and Negro pupils was sounded Monday afternoon when the house committee on education reported unanimously in favor of the Carl Day bill, which prohibits the operation of such schools in this state. On the call of committees the Adams bill, regulating the employment of children in mills, mines and factories, was reported favorably. The senate bill to revive the state geological topographical survey was favorably reported. The Hargrove bill, providing that where there is, in any county, a town larger than the county seat and 15 miles from the county seat, court shall be held in both towns, was taken up, and Mr. Hargrove explained that the measure affected Fulton county only, where Hickman, the county seat, was more than 15 miles from Fulton, a larger town. After some discussion the bill was adopted by a vote of 50 to 23. The senate Monday passed a bill at the attorney general's office, giving him two competent assistants and a stenographer.

FOUGHT OVER A PIG.

Anderson Split His Brother-in-Law's Head Open With An Ax.

Sergeant, Ky., Feb. 2.—Six months ago Harvey Hall, Jr., aged 34, bought a small pig of Benjamin Anderson, 46, his brother-in-law. Hall failed to settle for the pig as agreed, but late Sunday he went to the Anderson home to pay for it. Bitter words were exchanged, and, as a result, Hall drew a dirk and made several attempts to cut Anderson, whereupon Anderson grasped an ax, which lay upon the doorstep, and split Hall's forehead, killing him instantly.

Anderson gave himself up to Magistrate Collier, and was taken to Whitesburg jail Sunday night. Hall it is claimed was formerly a kluks leader.

A TERRIFIC STORM.

Much Damage to Property Resulted in Colorado and Wyoming With Loss of Life.

VELOCITY OF 90 MILES ATTAINED.

Force of the Wind Was So Great and So Strong That Small Stones Were Blown About.

Two Cars of a Passenger Train Were Lifted From the Tracks and Thrown on Their Sides—Several Persons Injured.

Denver, Col., Feb. 2.—High winds prevailed Monday along the eastern slope of the Rocky mountains in Colorado and Wyoming and much damage to property was wrought. In Denver two men lost their lives as a direct result of the gale. Charles Ormsby and William Daniels came in contact with a live electric wire which had been thrown from its fastenings into the street and were instantly killed by the shock.

Reports are being received from points in Northern Colorado telling of the destruction of farm buildings and hay stacks in the country districts and the falling of trees, small buildings, chimneys, etc., in the towns. In some places the force of the wind was so great that small stones were blown about promiscuously, shattering windows and injuring people. Numerous fires were started, but as yet no reports of serious losses from this source have been received.

Fort Collins, Col., Feb. 2.—A gale that attained a velocity of 90 miles an hour prevailed here Monday and caused considerable damage by blowing off the roofs of houses and breaking windows. Seven fires started while the gale was at its height and for a time they threatened the destruction of the town.

Idaho Springs, Col., Feb. 2.—A passenger train on the Colorado & Southern railroad, which left Denver Monday morning for Georgetown, was wrecked by a gale, two coaches and a combination baggage car and express car being blown over and badly demolished. The engine and tender remained on the track. Four of the train crew and one passenger were injured. The train had come to a stop about 1,500 feet from the station of Georgetown, being unable to proceed further because of the wind. While waiting for the gale to subside the cars were lifted from the rails by the wind and forced over on their sides. The passengers and crew were thrown with great force against the sides of the cars but were able to escape through the doors and windows. It is believed that Messenger Robinson's injuries were due to trunks falling upon him. It was several hours before the news of the accident could be sent to Denver, as the telephone and telegraph wires from the latter city encountered trees and wires strewn over the track in many places and with difficulty reached its destination. The severely injured were taken to a hospital in Georgetown for treatment.

MISS SCHAFER MURDER.

The Theory Is That the Murderer Was Well Acquainted With Her.

Bedford, Ind., Feb. 2.—The officers and detectives in charge of the investigation are paying particular attention to the theory that the murderer of Miss Schafer was well acquainted with her. They believe he was familiar with the time she usually left her boardinghouse and the route traversed on her way to her room. The man most directly connected with this theory is prominent here, and it is alleged that he had often held conversations with Miss Schafer. He wears a long overcoat and answers to the description of the man seen by Albert Delich at M and 14th streets and by Walter Own at L and 14th streets, and by Mr. Mills crouching behind a tree across the street from the Johnson home. He left Bedford on the morning after the murder and remained away for several days. So far the detectives have failed to establish a motive for the crime.

The Question Was Discussed in Both Branches of Congress.

Washington, Feb. 2.—Senate—In the senate Monday Mr. Dietrich (Neb.) made a request for an investigation into charges on which he was tried recently by a federal court in his own state and the senate granted the request, the president pro tem. appointing a committee consisting of Messrs. Hoar, Platt (Ct.), Spooner, Cockrell and Pettus to make the inquiry. The remainder of the day was devoted to an argument by Mr. Morgan in support of the resolution introduced by Mr. Stone directing the senate committee on foreign relations to make an investigation into the Panama revolution. Mr. Morgan again criticized the conduct of M. Bunau-Varilla in connection with the revolt.

House.—The proceedings in the house were enlivened by a spirited discussion of the Panama question. Mr. Thayer (dem., Mass.) declared the course of this government in Panama to have been contrary to the provisions of the treaty with New Granada. Mr. Grosvenor (rep., O.) made a vigorous defense of the administration. While a bill proposing relief to an individual from the operations of the act restricting ownership of lands in the territories and the District of Columbia to American citizens was under consideration, Mr. Hepburn asked the minority if they had changed front on this question and why they were now willing to support exemptions from the operations of that act in view of the attitude they assumed at the time of its enactment. Mr. Bartlett (Ga.) asked Mr. Hepburn if the legislation in question was not passed when they had the Cleveland brand of democracy rather than the Bryan brand, as Mr. Hepburn had suggested, whereupon Mr. Hepburn advised the democrats to return to the Cleveland brand.

I am informed that since the close of the civil war the carriage service for the secretary has existed in substantially its present form and extent."

A DEADLY COMBAT.

Three Men Dying as a Result of a Fierce Revolver Fight at Austin, W. Va.

AFFAIR IS SHROUDED IN MYSTERY.

The Participants, Perfectly Conscious That They Are About to Die, Refuse to Talk on the Matter.

No One Will Admit Having Seen the Battle and the Victims Will Not Implicate Any Outsiders or Each Other.

Fairmont, W. Va., Feb. 2.—James Kennedy, of Austin, crawled to Tunnelton to inform the authorities of a fierce revolver fight at Austin Monday. Three men are dying as the result of the fight. The wounded are: James Kennedy, aged 38 years, shot through mouth and hip. Will die. James Black, of Baltimore, aged 28 years, shot through left eye and chest; will die.

W. C. Mitchell, of Milwaukee, 34 years old, wounded through both lungs and dying.

The fight is shrouded in mystery. The three men, perfectly conscious that they are about to die, refuse to talk of the affair and no one will admit having seen the fight. The men appear to be trying to shield each other and will not implicate any outsiders.

Kennedy, unable to walk, crawled four miles to Tunnelton to inform the authorities of the fight and receive medical aid. He told of the two other men who were wounded and probably dying at Austin. At the hospital he said he could not make any statement without implicating others and this he refused to do. The other men were brought here and all three are anxious about each other and ask to be placed in the same ward. It is not known for certain if any other men participated in the fight.

FIVE CHILDREN CREMATED.

The Mother Was So Badly Burned That She Will Die.

Council Bluffs, Ia., Feb. 2.—At 1 o'clock Tuesday morning the residence of Peter Christiansen was destroyed by fire and his five children, ranging in age from a babe in arms to 11 years of age, burned to death, and Mrs. Christiansen burned so that she will die. The husband was in the country at the time. No one knows how the fire started.

Just before 1 o'clock Mrs. Christiansen woke up and discovered the interior of her house in flames. She rushed to another room, where the children were sleeping. That room was a mass of flames and it was impossible to gain an entrance.

Mrs. Christiansen ran into the street and raised an alarm. This aroused the neighbors and a fire alarm was turned in. The neighbors then turned their attention to the house but it being of wood it burned rapidly and was totally consumed before the arrival of the department. The bodies of the children were cremated, only the blackened trunks remaining.

The Treasurer reported \$709.80 due the school fund.

City Physician Yazell reported the present inmates of the alms house (six in number) in good health. One inmate died during the month.

The Alms Committee reported receipts of \$27.65 since May 1st, 1903, for pasturage and alms returned, and expenditures of \$10. The balance has been turned into the treasury.

Mr. Ficklin, Chairman of the Claims and Accounts Committee, reported the result of their examination of the financial accounts of the Treasurer, Clerk and other officials for the past year. They found a few small discrepancies in entries and footings of the Treasurer, the errors being against him, but with these corrected the reports balanced to a cent. In the report of the amount of delinquent taxes in Treasurer's hands Jan. 1st, 1904, for collection, the committee found a discrepancy of \$3,267.20. The discrepancy was satisfactorily explained and part of the delinquent taxes was reported paid by the Treasurer in his report filed last evening. Mr. Fitzgerald filed a report showing that the amount of delinquent taxes in his hands Jan. 1st, 1904, for years 1901, 1902 and 1903 was \$13,567.47, and he asked Council to say what disposition should be made of these taxes.

A petition signed by the various meat dealers of the city was presented asking Council to require an annual license from all such dealers. Referred to the License Committee. Some of the members wanted to table it at once, saying it was simply an effort of the dealers to perfect a "trust."

Building permits were granted as follows: Thomas Guilfoyle, to erect a frame metal roof addition to room occupied by Garnet Marble Company; Joe Schatzmann and Central Hotel Company, to connect hotel building with building adjoining; Wm. Sproemberg, to erect a frame stable on Hall alley; Charles J. Collins to erect a frame stable on East Second street.

The Finance Committee reported the payment of \$11,206.52 on bonds and \$4,518.80 on notes, and the canceled bonds and notes were presented and destroyed in presence of Council, after due examination.

A proposition from State Auditor's Agent John J. O'Donnell was presented asking for authority to aid in having omitted property listed for taxation. He is willing to do the work for a commission of 20 per cent. on all such taxes as may be collected through his efforts. A warm discussion followed, and the matter was referred to Ways and Means Committee and Committee on Laws and Ordinances to report.

Q. A. Means & Son's proposition to bury the pauper dead was accepted.

Policeman Ryan's bond with R. A. Carr and J. M. Hunt sureties was presented and approved.

A petition was read asking Council to refuse to allow the owners of the buildings on Market street burned out on Jan. 25, 1904, to repair or rebuild the structures in wood, but to require the buildings to be constructed of brick or stone, as such "frame buildings are a menace to our property, and a disgrace to this business section of our city." The

petition was signed by the owners of all property on Market, between Second and Third, except the three owners of the burned buildings. The protest was ordered spread on the records. It was intimated that the three owners intended to go on and repair the buildings without Council's permission, but there will be "something doing" if that is attempted.

The Mayor called attention to the large amount of delinquent taxes in the hands of the Collector and Treasurer, "an accumulation from the years 1899 to 1903, inclusive." As a result of the delinquencies the city has been compelled to borrow money to pay current expenses and meet the payments of the public debt and interest. He thought a halt should be called on the pernicious policy of the city issuing bonds to supply a deficiency due to the nonpayment of taxes. He asked Council to see that vigilant means be taken to collect these delinquent taxes. On motion of Mr. Ficklin, the City Attorney was directed to prepare notices and have them served on all delinquents that they must march up to the desk and settle, otherwise legal proceedings will be instituted.

The question of taking steps to collect franchise taxes went over till next meeting.

A motion to make the usual annual allowance to Private Watchman John D. Roe was declared out of order, on the ground that Council has no right to make such allowances.

The Chief of Police was directed to notify the gas company to have the poles and gas posts taken down last fall removed from the streets.

Pat Sammons was granted a transfer of saloon license from 119 to 121 Market street.

The ladies of the First Presbyterian Church were donated \$3 license paid for concert.

On motion of Mr. Bauer a committee composed of the Mayor, City Attorney, Chairman of the Library Committee and M. F. Marsh was appointed to confer with the Trustees of the Public Library, with a view to improving the institution.

On motion of Mr. Dieterich cinder sidewalks were ordered put down on Prospect street, and on Second at two or three points east and west of Main.

The proper authorities were directed to see that the fire plugs are flushed out.

Mr. Thomas brought up the question of street improvements and thought it was time Council should reach some decision in the matter. If brick streets are not to be put down, then a crusher, grader and roller should be purchased and the present thoroughfares improved. No action was taken in the matter.

LINENS OF MANY SORTS.

No one in a position to secure authoritative information questions the permanency of recent advances in flax, and not only the permanency, but the great probability of further advances. Real bargains in linens are scarce, but the savings in the following list are real and substantial. It is Hunt linen buying plus the extra effort for this sale that makes such values possible. We can't enumerate all today, nor half, only a small part in fact—just one trump-card from each suit.

Linen Samples,

2½, 5c. each according to quality.

Table Linen, 50c. Yard,

Bleached Irish damask 62 inches wide. It is a 75c. quality we're selling for 69c. Any doubting reader who may class this as an ordinary 60c. linen can easily prove our statement. Many patterns in dice, dot, floral and geometrical figures. More details of Table Damask later, but don't wait for the papers. Seeing is better than reading. Come in.

Twelve Napkins For One Dollar.

Scotch linen, thoroughly bleached, 18 inches square. Have been selling for \$1.25 excellent Napkins for every day service, soft, glove finish. Secured all we could, but there may not be enough for everybody if this bargain is appreciated at its full value.

18x36 Huck Towel For 10c.

Splendid quality, regular friction towel, sturdy, absorbent, neatly hemmed. We'll tell you of more towel opportunities another day.

7½c. Toweling 5c.

Bleached Crash with blue line border. Will give excellent wear.

Fancy Linens.

Fine linen and damask hemstitched Tray Cloths, 25c. from 39c. Carving Cloths, same styles, quality and price.

Linen for Shirt Waists.

Pure Irish round thread linen, one yard wide, dew bleached, handsome, serviceable, stylish. 29c. instead of 50c. yard.

Remember these are only hints.

The store is full of bargains we haven't space to enumerate.

BAD COMPANY.

Not a Home in Maysville Where This Visitor is Welcome.

The most unwelcome visitor in Maysville

Is any itching skin disease. Itching piles, irritating eczema. Are had company? We are glad to get rid of them.

Doan's Ointment will drive them away. Plenty of Maysville endorsement to prove this.

Mrs. H. Poth, of Forest avenue, says: "Doan's Ointment is a wonderful preparation and cures as if by magic. For a long time I had an itching of the scalp which was particularly troublesome just before a rain. Learning that Doan's Ointment was highly recommended for all troubles of this nature I got a box at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets. Its use soon ended the irritation. Two months have since elapsed and I have had no return whatever of the affliction." For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

PITHY POINTS.

There's no use of trying to thwart Dan Cupid with telephone messages.
A whipping post isn't a circumstance by the side of an electrocution chair.

The Democrat hasn't been horn that could be elected on the Kansas City platform.

A man sometimes in the course of his career meets with worse fate than being whipped at a whipping post.

No man, whatever his circumstances may be, can ever be altogether sure as to how or where he may end his earthly career.

A constant stand against a whipping post would be much more desirable than a single recline in an electrocution chair.

There would be just as much sense in giving Mr. Bryan another nomination as to nominate any man on the Kansas City platform.

It's a matter of small consequence how much money a set of consummate simpletons may have lost by Alexander Dowle, but it would indeed be a fine thing were Dowle to be lost to this country by remaining in Australia.

Minneapolis Flour Mills Close.
Minneapolis, Minn., Feb. 2.—All of the 21 Minneapolis flour mills were shut down Monday, but the millers say they expect to resume operations in three days. Shortage in the supply of wheat is the cause.

Gov. Wright Inaugurated.
Manila, Feb. 2.—Gov. Luke E. Wright and Vice Gov. Henry C. Ide were inaugurated Monday. There was an imposing demonstration, including a brilliant military pageant, about 3,000 troops being in line.

Editor Pickett Expires.
Cincinnati, Feb. 2.—A. B. Pickett, editor and publisher of the Evening Scimitar, of Memphis, Tenn., died in this city and his remains will be taken to Memphis.
